CORPORATE/MEDICAL WORK

Halliburton – Led small groups in discovering more efficient ways to communicate and problem-solve.

RPFT/Supporting Roles – Enabled participants a safe place to practice giving death notifications to unsuspecting family members.

STEPS – Led small groups in improvised role-play based on scenarios they provided, giving them opportunity to work on communication and problem-solving.

Texas A&M/Texas Children/UTMC – worked with Medical Students, Fellows, Residents, & Firemen as a Standardized Patient and Physical Exam Teaching Associate, allowing them the opportunity to practice everything from physical exams to breaking bad news to disclosing medical error to dealing with an intoxicated parent.
